

**JDM-139 1/24 Rascal All Metal Scale Truck Chassis Set**  
Instruction Sheet

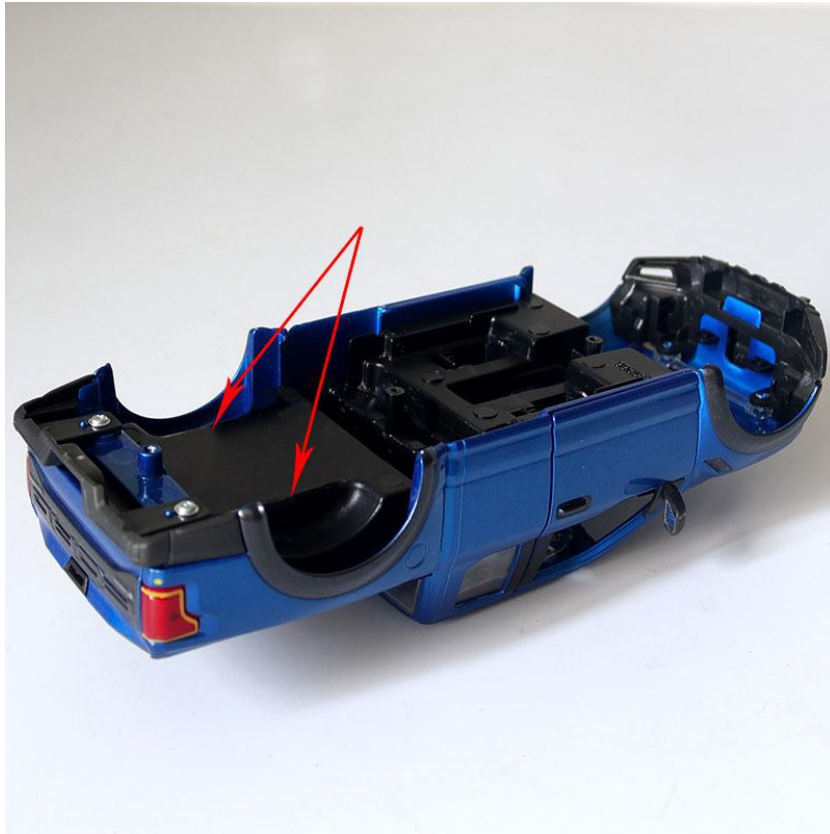

The bodies shown in this manual are the [Maisto F150](#) and are only shown for example, they are neither included nor sold by RC4WD.

Use a phillips-head screwdriver to remove the body from the chassis.

Use a hobby knife remove excess material from underneath the bed of the truck.

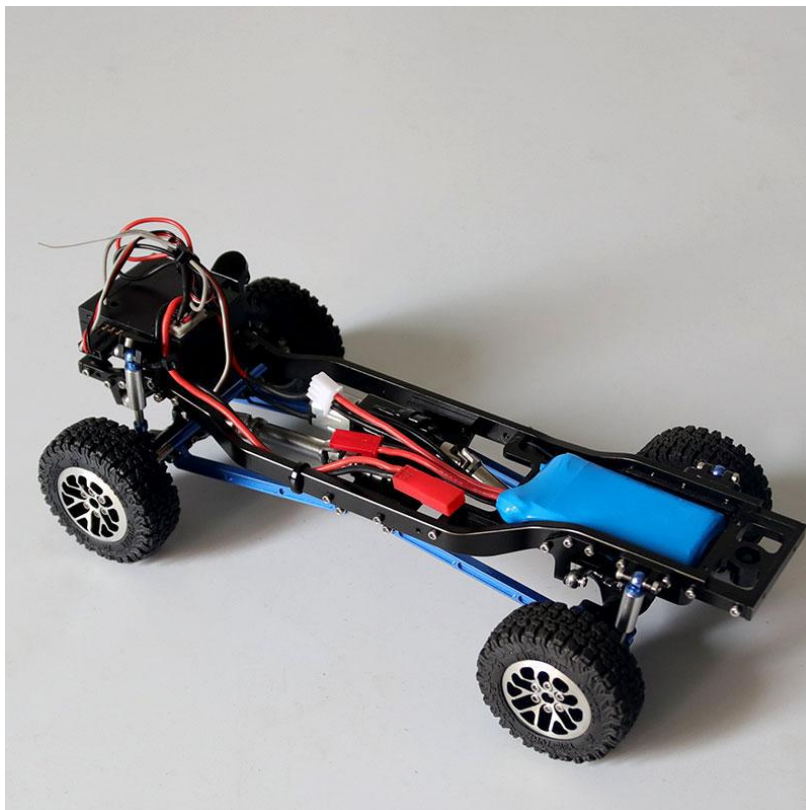

The mount shown below will need to be used to install the body on this chassis. Follow the images below to install the body mount.

Install the electronics, (Electronics (Servo, Battery, Speed Control and Receiver) sold separately)

The following 3 images show how to attach the body to the chassis.
