

TRAILFINGER 2 LWB

1/10 Scale Long Wheel Base Chassis Kit

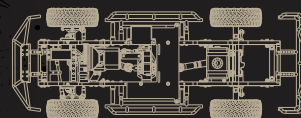

TF2 LWB

1/10 Scale Long Wheel Base Chassis Kit

The TF2 LWB Kit has both detailed styling and aggressive performance. You will find a balance of capability and performance built into every TF2 LWB Kit. Performance of the TF2 LWB Kit is smooth with its 2 speed selectable transmission, 4WD drivetrain, bulletproof transfer case and quality metal components throughout. The TF2 LWB Kit is truly a work of art in both appearance and performance.

Every TF2 LWB Kit is compatible with a full range of options and performance parts designed to enhance the performance and add to the scale look of the only true scale 1/10 offroad truck... The TF2 LWB Kit.

Your adventure awaits!

TRAILFINGER 2 LWB

1/10 Scale Long Wheel Base Chassis Kit

The R3 2 Speed Transmission comes with a fully machined billet aluminum case and wider gears to allow for more abuse along with a Delrin Spur with Slipper Clutch. The designed motor mount is adjustable with up to 10 positions.

The TF2 LWB Kit includes the Hammer Transfer Case. Packed with detail, the case features a cast metal exterior and .8 Mod Widened Gears for durability.

Drawing on the success of the RC4WD MOA gear sets, the TF2 LWB Kit Drivetrain has the most durable gears RC4WD has to offer so the TF2 LWB Kit can stay on the trail, day after day.

The most scale accurate axles in the market. The RC4WD Yota II Ultimate Scale Cast Axles features innovative round knuckles, lower mounting points and compact offset pumpkins.

The Drive Shafts for the TF2 LWB Kit are an all new design featuring bulletproof steel universals and a new high quality plastic shaft for great driveline angles and durability on the trail.
