RC4WD 1/24 TRAIL FINDER 2 W/ MOJAVE II BODYSET

RC4WD 1/24 TRAIL FINDER 2 RTR W/ MOJAVE II HARD BODY SET (BLUE)

The 1/24 Trail Finder 2 comes ready for your next scale adventure with a paired, quality 2-in-1 Micro ESC + Receiver and XR2 Micro Radio system.

With realism and toughness in mind, the R6 Micro Transmission comes equipped with steel transfer case gears mated to the same gear box used in our Warn Winch product line. The transmission case is molded from reinforced nylon to provide a sleek, realistic appearance.

A great truck needs a great servo and the 1/24 Trail Finder 2 RTR features the Twister 5G Micro Servo that comes ready for a range of steering duties!

Get ready because the RC4WD 1/24 D44 Plastic Complete Front and Rear Axles are made from the same trusted material as the 1/10th scale, so expect a heavy duty, maneuverable set. The state of the art front XVD axle features all steel components. The micro D44 axles are fortified with some of the strongest materials out there and coupled with steel ring and pinion gears, front and back. To put it lightly, this RC axle is packing some solid, compact agility.

The Driveshafts for the 1/24 Trail Finder 2 feature fiber-reinforced universals and a high quality shaft for great driveline angles and durability on the trail.

RC4WD 1/24 TRAIL FINDER 2 W/ MOJAVE II BODYSET

RC4WD 1/24 TRAIL FINDER 2 RTR
W/ MOJAVE II HARD BODY SET (BLUE)

The 1/24 TF2 chassis features a simple front mounted electronics plate for easy mounting of the XR2 Micro ESC/Receiver combo.

This RC suspension has a 4 link front and rear setup, allowing for some impressive shock absorption. These coil over shocks deliver the balanced driving needed for terrain stability!

The RC4WD 1/24 Trail Finder 2 Chassis is comprised of CNC machined aluminum chassis rails, forming a rigid platform. The suspension mounts and cross members are outfitted for durable capabilities.

The 0.7" Beadlock wheels are assembled with scale hex bolts and are mounted to officially licensed Mickey Thompson Baja Claw tires. With that vintage look and pristine handling, this combo is a retro, rough ready setup.

RC4WD 1/24 TRAIL FINDER 2 FINDER 2 W/ MOJAVE II BODYSET

RC4WD 1/24 TRAIL FINDER 2 RTR W/ MOJAVE II HARD BODY SET (BLUE)

Smaller in size, this RC Truck was built to deliver a true 1/24 scale driving experience by compacting the popular setup of the bigger 1/10 TF2.

The 1/24 Mojave II Hard Body Set comes in 3 colors, atomic blue, radiant red or electric yellow. Pick your favorite or personally customize the paint anyway you want!

The 1/24 Mojave II Hard Body Set includes pre-painted tail lights and side marker lights, adding more realism. An LED light kit is also separately available for bright, night trailing fun!

The 1/24 Mojave II Hard Body Set interior comes molded from durable, hard plastic and simulates the inside look of a full-scale truck cab with sculpted vents, shift knobs, door handles and steering wheel.

The molded square headlights, black bumpers and pre-painted grille provide a subtle, alternative appearance, compared to the chrome detailing of the 1/10 scale model.
