TRAIL FINDER 2 "LWB" RTR W/ 1987 TOYOTA XTRACAB HARD BODY SET

The R3 Single Speed Transmission comes with a cast aluminum case and wider gears to allow for more use along with a Delrin Spur with Slipper Clutch.

# DRIVETRAIN

The TF2 Long Wheel Base Chassis includes the detailed Hammer Transfer Case. Featuring .8 Mod Widened Gears and a tough metal exterior, this heavy duty scale case is off road ready!

Drawing on the success of the RC4WD MOA gear sets, the TF2 RTR Drivetrain has the most durable gears RC4WD has to offer So the TF2 RTR will stay on the trail, day after day.

Featuring some of the most detailed axles on the market, RC4WD Yota II Ultimate Scale Cast Axles are fitted with innovative round knuckles, rugged leaf spring perches and compact pumpkins. The front pumpkin is also offset, replicating the set up of a full-size rig!

With dedicated detail and profound performance, this RC truck's drive shaft design features bulletproof steel universals and a high quality plastic shaft for great driveline angles.

TRAIL FINDER 2 "LWB" RTR W/ 1987 TOYOTA XTRACAB HARD BODY SET

The TF2 Long Wheel Base Chassis has a multi-purpose, molded fuel cell that serves as an electronics storage box and provides additional RC realism by storing away any protruding wires.

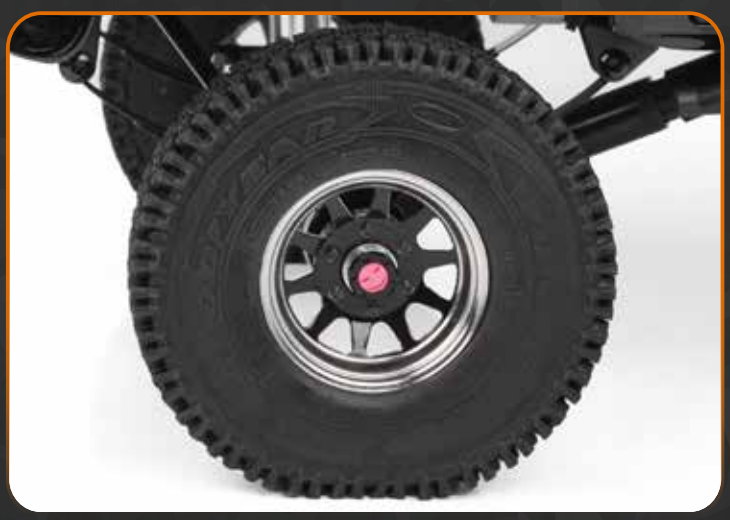

## SUSPENSION

The RC4WD Ultimate Scale RC Shocks are not only designed for a pristine scale look, but for peak performance as well. Precisely machined from billet aluminum and internally sprung, these scale shocks are ready to tackle any turbulent terrain.

With solid strength in mind, the ladder frame design of the TF2 Long Wheel Base Chassis is made with CNC machined, billet aluminum and comes with scale shock hoops, a chassis servo mount and transmission and transfer case mounts.

The TF2 Long Wheel base RTR includes a set of OEM 6-Lug Stamped Steel 1.55'' Beadlock Wheels (Black and Chrome). These are stamped steel construction and come with scale hex bolts and hubs.

Every off-road truck needs a tough set of tires, and the TF2 Long Wheel Base RTR comes equipped with Goodyear Wrangler® All-Terrain Adventure 1.55" Tires in an X2S3 compound to deliver the traction needed to get you through the roughest terrain.

TRAIL FINDER 2 "LWB" RTR W/ 1987 TOYOTA XTRACAB HARD BODY SET

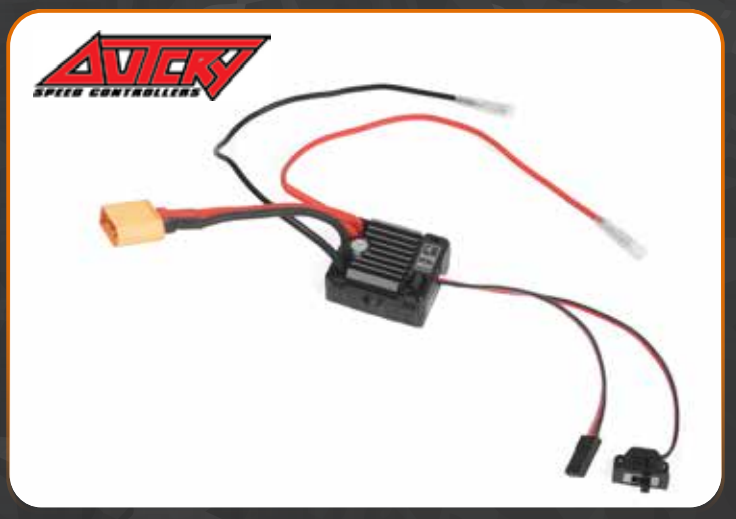

The TF2 Long Wheel Base Chassis includes a high quality XR3 3 Channel 2.4Ghz Radio System. Expanding user experience, this radio system comes with a total of three radio positions!

## ELECTRONICS

The TF2 Long Wheel Base Chassis is powered by the tough and durable RC4WD 45 Turn Crawler Motor. With long lasting performance at its core, this power machine comes tuned for rock climbing and scale driving.

The popular RC4WD Outcry III Waterproof ESC Brushed Speed Controller with built-in drag brake is included for reliable, constant power on demand at any time.

With a massive 277.6oz@6V of torque and a full metal geared drivetrain, the RC4WD Twister Metal Gear Digital Servo has the power and performance needed to outmaneuver and overcome tough terrain.

It's ALL in the box! Everything you need is provided to get you on the trails today!

# TRAIL FINDER 2 XTRA CAB

TRAIL FINDER 2 "LWB" RTR W/ 1987 TOYOTA XTRACAB HARD BODY SET

The XtraCab Body Set features a plethora of scale characteristics including opening doors, hood and rear tailgate along with the ultra detailed Yota 22RE Engine Bay.

## THE DETAILS

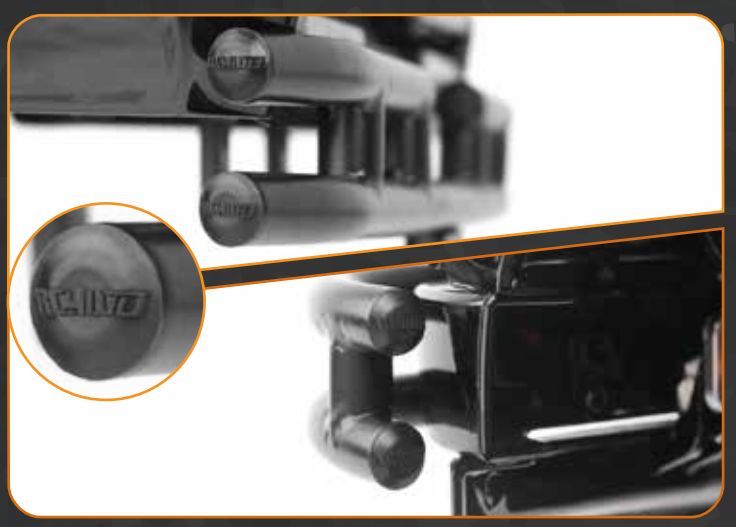

The XtraCab has a complete molded plastic engine bay that comes painted with decals installed for an extremely scale appearance.

The included headache rack is made up of a hollow tube design to help keep weight down and has a pre-installed officially licensed KC Hilites KC Light Set mounted along the top.

The replicated classic double steel tube front and rear bumpers give the truck a retro recognizable look. They wrap around the front and rear ends, giving optimal protection from trail damage.

The molded and branded bumper end caps keep debris out of the hollow bumpers while maintaining a stylish appearance.
