TRAIL FINDER 2

Chevrolet **Scottsdale** 10

The R3 Single Speed Transmission comes with a tough cast metal case and wider gears to allow for more abuse along with a Delrin Spur with Slipper Clutch. It also features a sturdy billet aluminum motor mount for durability.

The Trail Finder 2 RTR includes the Hammer Transfer Case. Packed with scale detail, the case features a cast metal exterior and heavy duty .8 Mod Widened Gears for durability.

Drawing on the success of the RC4WD MOA Gear Sets, the Trail Finder 2 RTR Drivetrain has the most durable gears RC4WD has to offer, capable of staying on the trail day after day.

The most scale accurate axles on the market, the K44 Ultimate Scale Cast Axles feature high steer knuckles, lower mounting points and compact offset pumpkins.

The Driveshafts for the Trail Finder 2 RTR are a design featuring heavy duty uni-joint metal shaft for great driveline angles and durability on the trail.

TRAIL FINDER 2

Chevrolet **Scottsdale** 10

The Trail Finder 2 Long Wheel Base Chassis has a multi-purpose, molded fuel cell that serves as an electronics storage box and provides additional RC realism by storing away any protruding wires.

The Trail Finder 2 RTR includes Super Scale 70mm White Shocks with Internal Springs. These ultimate scale shock absorbers offer realistic looks and the ultimate in performance. They are machined from billet aluminum with internal springs and are rebuildable.

With solid strength in mind, the ladder frame design of the Trail Finder 2 Long Wheel Base Chassis is made with CNC machined, billet aluminum and comes with scale shock hoops, a chassis servo mount and transmission and transfer case mounts.

This truck includes a set of Rally 1.9" Beadlock Wheels (Silver). These are machined from billet aluminum with a beautiful silver finish.

Every Trail Finder 2 RTR needs a tough set of rock grabbing tires and the included RC4WD BFGoodrich Mud Terrain KM 1.9" Scale Tires deliver the perfect amount of traction with its advanced X2 soft & sticky compound. The scale details complete the look in just the right size.

ELECTRONICS

The Trail Finder 2 Chassis includes a high quality XR3 3 Channel 2.4Ghz Radio System. Expanding user experience, this radio system comes with a total of three radio positions!

The Trail Finder 2 Chassis is powered by the tough and durable RC4WD 45 Turn Crawler Motor. With long lasting performance at its core, this power machine comes tuned for rock climbing and scale driving.

The popular RC4WD Outcry III Waterproof ESC Brushed Speed Controller with built-in drag brake is included for reliable, constant power on demand at any time.

With a massive 277.6oz@6V of torque and a full metal geared drivetrain, the RC4WD Twister Metal Gear Digital Servo has the power and performance needed to outmaneuver and overcome tough terrain.

It's ALL in the box! Everything you need is provided to get you on the trails today!
